Are Your Employees Financially Fit?
Employees bring a myriad of personal concerns to work, and financial troubles rank at the top of the list.

Personal Finances: A Major Driver of Employee Engagement
Employees who are not distracted by financial worries are more focused at work; employees stressing over money are less engaged at work.

Financial stress also impacts physical and emotional health, leading to serious conditions such as high blood pressure, depression, and even heart disease.

1-4 Hours: Amount of time employees spend stressing over financial troubles while at work

5X Greater: Employees ranked financial problems as their biggest stressor, five times greater than health problems
